Dr. Saunders reported on the following:

1. 2012 County Capital Budget; Dr. Saunders read the following statement:

“We have some very good news to report from the County Legislature.

Yesterday, the County Legislature approved an amendment to the 2012 County Capital Budget ordinance. As a result of this amendment, the necessary steps have been taken to anchor the more than $19 million dollars in State capital funding that had been allocated to Nassau Community College as part of the State’s 2012 capital budget.

There had been a delay in the County’s passing its 2012 capital budget, and we have been concerned that there was an increasing risk that if the County has not indicated its willingness to match the State’s allocation to the College for these capital projects, THEN a lot of this money could -- to use a diplomatic word -- “migrate” to other community colleges as part of the State’s preparation of its 2013 capital budget. As it is, even with yesterday’s action by the County Legislature, County funding will still need to be appropriated in subsequent years to follow through on this commitment in support of these projects that was made yesterday. BUT what occurred yesterday, nevertheless, represents a huge step forward.

These projects include a new consolidated student services center that will enhance our ability to meet our students’ needs in the admissions, registration and advisement processes in a way that will start off their experience at NCC in a much more favorable manner and that will allow us to better serve them throughout their time at the College. For those interested, I can supply a complete list of these projects.

Good news like this to the tune of $19 million dollars, as we know, doesn’t just happen. In October, I met with Chief Deputy County Executive Rob Walker to discuss our concerns. I want to thank Mr. Walker for his leadership on this issue and the members of the County Legislature for their support. I also want to express my special thanks to Vice President Joe Muscarella, Carol Friedman and Chuck Cuto who, within each of their responsibilities at the College and by working together, played vital roles in making this good news happen.”

2. Reimbursement of expenditures from Super Storm Sandy. Revenue losses as the result of refund of tuition and fees related to hardship cases are not covered.
4. Wished all a peaceful and restful holiday.
