WELCOME TO NCC!

Nassau Community College is the place where your most ambitious plans can begin to take shape. Not sure yet what those plans are? Don't worry—we'll give you all the support you need to figure them out. NCC does that for more than 20,000 day, evening, weekend and online students every year.

Nassau offers AA (Associate in Arts) and AS (Associate in Science) degrees for students interested in transferring to four-year colleges, as well as AAS (Associate in Applied Science) degrees and one-year certificate programs for those who wish to learn a marketable skill and enter the workforce right after college.

BUSINESS-RELATED FIELDS PROGRAMS OF STUDY

Workers who understand the many aspects of business are important to the continued success of our economy. Whether you are interested in management, retailing, marketing or fashion, Nassau has programs to enable you to pursue your interests. In Nassau's business-related programs, you can prepare to transfer to a four-year school, or you can learn a valuable skill that will enable you to enter the workforce right after graduation. See descriptions of our business-related programs below.

ACCOUNTING (AS) (AAS) BUSINESS ADMINISTRATION (AS) (CERTIFICATE) *

Accounting and Business Administration AS degrees prepare students for transfer to four-year institutions to continue their education in general business areas. The AAS degree is career-oriented and intended for students wishing to enter the job market after graduation. The certificate program is for students who want to gain entry-level skills or explore potential career changes.

FASHION BUYING & MERCHANDISING (AAS)

Students in Fashion Buying & Merchandising concentrate on coursework in fashion coordination and publicity, fashion advertising and promotion and a fashion seminar, while also studying textiles, display and fashion accessories, and home furnishings.

FINANCIAL MARKETS (CERTIFICATE) *

This program is designed to prepare students for employment in a wide range of financial positions and to provide those already employed with study that enhances their knowledge of financial markets.

FOOD SERVICE ADMINISTRATION RESTAURANT MANAGEMENT (AAS) FOOD SERVICE TECHNOLOGY (CERTIFICATE) *

The degree program prepares students for professional and middle management positions. The certificate program offers students the knowledge and skills necessary to gain employment at entry levels.

HOTEL TECHNOLOGY ADMINISTRATION (AAS)

Hotel Technology Administration is a professionally-oriented program that offers students the opportunity to specialize in hospitality industry-related coursework.

MARKETING (AAS)

Graduates of this program will be thoroughly trained for employment as industrial sales agents, management trainees, sales managers, sales promotion personnel, and assistants in warehousing and transportation management. Students may earn an AAS degree as a base for a business career upon graduation, or continue their education at four-year institutions.

OFFICE TECHNOLOGY ADMINISTRATIVE SUPPORT (AAS) (CERTIFICATE) LEGAL (AAS) (CERTIFICATE) MEDICAL (AAS) (CERTIFICATE)

Each of these degrees is designed to give graduates a broad understanding of the knowledge required in a modern office environment. Students will learn necessary skills in communications, keyboarding and computer applications. The one-year certificate program credits earned may be applied to the AAS degree.

PARALEGAL (AAS) (CERTIFICATE) *

These programs are approved by the American Bar Association. The AAS degree is designed to fulfill the requirements of earning a college degree while receiving a formal paralegal education. The certificate is designed to meet the needs of the college graduate seeking a career as a paralegal.

RETAIL BUSINESS MANAGEMENT (AAS)

Students studying Retail Business Management are prepared for merchandising and management careers in such retail enterprises as department and specialty stores, resident buying offices, chain organizations and small businesses. The program includes an on-the-job work assignment in community department stores and other firms.

*The federal government requires colleges and universities to provide information on rates of employment and loan repayment for specific types of programs.
